What is your favourite time of the day to read and why?

I like to snuggle into bed and read for an hour before sleep. What better way to help the brain relax and re-wire after a day of learning. I also like to read on the way to and from school each day. It makes the trip fly.

What book has had the biggest impact on your life and why?

I loved the entire Divergent series. I loved the classic dystopian storyline and I am still in awe of the unexpected storyline. It is one of my go to re-read books as well!

What are you reading right now?

The Dawn of the Onyx by Kate Golden.

Can you recommend a favourite book from your favourite genre?

It's not really my favourite genre... but I recommend Lockwood & Co. by Jonathon Stroud... and when you have finished reading you can watch them on Netflix!
