Application closes on Friday 31st October 2025

INTERESTED IN FLYING ?

The Hastings District Flying Club (HDFC) is offering three \$1,500 flying scholarships to promote aviation to the youth of the Hastings District.

About the Scholarship

Each year the Hastings District Flying Club offers at least two scholarships.

The scholarship amount is \$1,500. HDFC membership, logbook and BAK theory kit will also be provided by the club.

Upon accepting the scholarship successful candidates will contribute an equivalent \$1,500 which then gives them \$3,000 credit toward flying training. Please note this is not the expected full cost of a Recreational Pilot Certificate.

Scholarship training is valid for 12 months.

Training

Flying training will be in the Sling2 aircraft under the tutelage of one of the club's Recreational Aviation Instructors. The training will lead to a Recreational Aviation Australia pilot certificate. Lessons can be arranged 7 days a week.

We are one of the leaders in Recreational Flying Training. Our enthusiastic team of instructors draw on experience from many facets of aviation and will ensure that your flying training is conducted thoroughly, professionally and to the highest standards.

Applicant Criteria

Applicants must be -

- Aged between 14 and 20 years
- Submit their most recent school report, if they are studying
- Outline why they would like to learn to fly
- Take a Trial Introductory Flight to assess aptitude at a cost of \$160

Applications

- Close on Friday 31st October, 2025
- You can apply online at our website www.hdfc.com.au
